Les Rasses, 4th March 2018

Welcome to the Swiss University Championships / U-Games Crosse-Country Skiing 2018

In the name of the Swiss Academic Ski-Club, we are once again proud to receive mandate from the Swiss University Sports Federation to organize the Swiss University Championship.

For the second year in a row, the championship will be organised in collaboration with the Mara. This race is a monument among traditional events in the swiss cross-country universe. Its unicity comes from being the last event in classic style of such importance. With its 42km length, this gives opportunity and time to each participant to appreciate the mystic forests and smooth hills of Jura. Each one at its own pace.

We wish the best to all participants of the U-Games 2018.

Sandro Jelmini
President of the Central Committee

Dominique Schwab
Responsible Nordic activities CC

Program

Sunday 4th March 2017
